Why Is Sandstone Special?

Natural Beauty

There Is An Ineffable Quality To Natural Materials That Is Obvious In Sandstone Flooring.

Durability

Sandstone Can't Match Slate Or Granite For Durability, But It Is Strong Enough To Last For Decades If Properly Cared For.

Uniqueness

Because Sandstone Is Formed From Nature Itself, The Colors, Patterns, And Hues Found In Any Individual Piece Are Completely Unique And Different.

Texture

Sandstone, Being A Rock, Comes From The Mountain Naturally Craggy And Jagged.
